## PROFESSIONAL SUMMARY

---

Visually inspired and purpose-driven Computer Science and Engineering student with a growing passion for UI/UX design, user-centered digital experiences, and frontend development. Adept at web technologies and design fundamentals, with hands-on exposure to HTML, CSS, and generative AI tools. Known for adaptability, creativity, and a proactive approach to learning. Enthusiastic about applying design thinking, product prototyping, and ethical project attribution to build locally relevant solutions. Also interested in sports analytics, personalization through AI/ML, and digital access advocacy. Seeking to contribute to a dynamic design or tech team during national service by bringing fresh perspective, collaborative energy, and a strong desire to grow in the field of digital innovation.

## EDUCATION

---

**University of Mines and Technology, SRID, Takoradi.**

*Started January, 2022*

**Program:** Bsc in Computer Science and *Engineering*

*Expected November, 2025*

## RELEVANT COURSES

---

Artificial Intelligence & Machine Learning, Web Programming (HTML, CSS & Javascript), Data Structures & Algorithms, Software Engineering, Java, Database Systems, C Sharp, Probability & Statistics, Computer Security, Operations Research, Linear Algebra, Calculus.

## DESIGN AND TECHNICAL SKILLS

---

**Design Tools:** Figma (Beginner), Canva (Beginner), Photoshop (B.

**Web Technologies:** HTML, CSS, Generative AI for design

**Programming:** Python, SQL

**Soft Skills:** Visual thinking, Communication, Adaptability, Teamwork

**Languages:** English, Ewe (Fluent); Spanish, French (Basic)

## PROJECTS AND INITIATIVES

---

**Smart Home Interface – *Human Computer Interaction Mini Project***

*Feb 2024*

- Designed a user-friendly smart home interface using Figma, focusing on intuitive navigation and accessibility.
- Created wireframes and interactive prototypes for key features such as lighting control, temperature regulation, and security monitoring.
- Applied principles of Human-Centered Design to ensure usability across diverse user profiles.

- Strengthened understanding of UI consistency, responsive design, and visual hierarchy.

## **EliksCart – Online Shopping Platform – Co-Founder**

*Mar 2022 – Oct 2022*

- Built a user-friendly e-commerce platform with integrated cart and payment features together with my friends.
- Applied agile principles and product thinking to improve user experience.

## **WORK EXPERIENCE**

---

### **Information Technology Tutor – Gadara Academy, Sekondi-Takoradi**

*Nov 2023 – July 2024*

- Taught Science and Computing to junior high students.
- Mentored students in basic programming and responsible tech use.

### **Student Intern – MTN Ghana Limited, Takoradi**

*Sept 2023 – Nov 2023*

- Supported network diagnostics and TCP/IP performance monitoring.
- Assisted in technical documentation and field operations.

## **LEADERSHIP EXPERIENCE**

---

### **Chairman – Non-Resident Students Committee, UMaT**

*March 2025 – Sept 2025*

- Coordinated welfare and digital access through negotiations for Wi-Fi rollout initiatives.
- Initiated peer mentorship programs to support academic and emotional well-being.

### **Deputy Electoral Commissioner – ACSES, UMaT**

*July 2023 – July 2024*

- Managed transparent student elections.
- Promoted civic awareness and electoral education.

## **CERTIFICATES**

---

- Master Web & Mobile Design: Figma, UI/UX Essentials – *Udemy* *Sept 2025*
- Mastering Web Design: HTML, CSS & Generative AI – *Udemy* *July 2025*
- Introduction to Cybersecurity – Simplilearn *non-profit course* *Feb 2024*

## **VOLUNTEER ACTIVITIES**

---

- **Guest Speaker** – Online Safety for Teenagers, Reigning Praise Church *Feb 2025*
- **Mentor** – Junior High Students in Computing, Math & Science *Nov 2024 – Jan 2025*
